DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, line 2 from the end, claim 9, line 3 from the end and claim 15, line 2 from the end, "said panels" is unclear within the context of the claim since this indicates all the previously defined side and end panels. It would appear that only the end panels are being referred to.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 9 and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by either Wisser or Boutin et al. Each of Wisser and Boutin et al discloses two notches (56a, 56b thru 59a, 59b; 10A, 10B, 12A, 12B, 28A, 28B, 30A, 30B, respectively) in the free edges of each of the end panels of a carton. Each of the notches are positioned an equal distance from one of the parallel fold lines closest to a respective one of the other notches as claimed. Also, the end panels in each of Wisser and Boutin et al are considered to remain substantially planar during and after folding into an interlocked position.

Allowable Subject Matter

4. Claims 21-23 are allowed.

Art Unit: 3727

5. Claims 2-8, 10-14 and 16-20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Arguments

6. Applicant's arguments with respect to claims 1, 9 and 15 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
